## TO ELECTION OFFICERS.

---

The State ballot for the election to be held on November 6th, 1906, will contain the names of candidates for Representative in Congress, General Officers and for members of the General Assembly; also a proposition for the issue of bonds known as the "Metropolitan Park Loan."

The names of the candidates will be arranged upon the ballot in party columns, so that a voter desiring to vote a straight party ticket may do so by making a cross in the circle at the top of the column assigned to the party of his choice. A cross mark in such a circle is a vote not only for a Representative in Congress and for General Officers, but also for members of the General Assembly; therefore THIS BALLOT MUST NOT BE TORN APART, NOR ITS FOLDS SEPARATED IN ANY MANNER WHATSOEVER.

The ENTIRE BALLOT must be returned to the State Returning Board, which, by the changes made in the laws at the January Session, 1905, is now required to count and declare the votes cast for members of the General Assembly; town councils, boards of aldermen, and the board of canvassers and registration in the city of Providence having been relieved of the duty of counting and declaring such votes.

When the votes have been counted in the town, ward or district meeting, the State ballots must be done up in the official wrapper furnished by the Secretary of State.

ELECTION OFFICERS MUST SEE THAT EACH PACKAGE OF BALLOTS IS SEALED UP, ADDRESSED, AND ENDORSED ACCORDING TO LAW.

Each package must be sealed up in accordance with sections 9 and 11, Chapter 829 (see pages 8 and 9). ADHESIVE LABELS bearing the SIGNATURES of the MODERATOR or WARDEN

and CLERK must be so affixed to the package as to guard against any tampering with the ballots after they have left the polling place.

Each package must be addressed and endorsed as required by section 10, Chapter 829. (See page 9.)

Each package must contain the CERTIFICATE signed by the moderator or warden and clerk as required by section 12, Chapter 829 (see page 10), also the reports of supervisors required by section 32, Chapter 11, General Laws. (See page 30.)

The State ballots must be delivered by the clerk of the elective meeting IN PERSON, to the State Returning Board, at the State House, Providence, within FORTY-EIGHT HOURS after they have been sealed up.

If the clerk is unable from any cause to personally deliver the ballots to the State Returning Board, he must appoint, in writing, some officer of his city or town to deliver them.

#### PACKAGES MUST NOT BE RE-OPENED.

After ballots have been once sealed up in open meeting, the re-opening of the package is prohibited.

The duties of supervisors and the nature of the returns to be made by them will be found in Chapter 11, General Laws, sections 32 to 37, inclusive, and sections 39, 40, and 50.

The offices of the State Returning Board, at the State House, Providence, will be open continuously for twenty-four hours after the close of the polls, and thereafter from 8 A. M. to 7 P. M., until all the ballots have been received.

By direction of the State Returning Board,

RICHARD W. JENNINGS, *Secretary.*

Ballots, how prepared, and what to contain.

SEC. 22. (As amended by Chapter 1229, Public Laws.) Every ballot printed in accordance with the provisions of this chapter shall contain the names of all candidates whose nominations for any offices specified in the ballot have been duly made and not withdrawn in accordance herewith, and shall contain no other names except the surnames of candidates for president and vice-president of the United States. The names of all such candidates and the offices for which they are nominated shall be arranged on the ballot in perpendicular columns, one column being assigned to each political party making nominations by convention, caucus, or nomination-papers in accordance with the provisions of this chapter: *Provided, however,* that in case only a partial list of candidates is nominated by any political party other than the republican or democratic party, two or more such lists may be arranged whenever practicable in the same column.

The first column on the left-hand side of every ballot printed in accordance with the provisions of this chapter shall contain only the names of the nominees of the republican party; the second column only those of the democratic party; and the order of such other nominations as may be made shall be determined by the official whose duty it is to prepare the ballots. At the top of each column or list, immediately above the title of the first office to be voted for, there shall be printed in capital

letters not less than one-fourth of an inch in height the name of the political party by which the candidates in such column were nominated. In case a nomination is made by nomination-papers, the words "nom. papers" shall be added to the party name.

Above such party name shall be printed a circle not less than seven-eighths of an inch in diameter, and such circle shall be surrounded by the following words printed in plain letters: "For a straight ticket make a cross (X) within the circle." Above each circle shall be printed an emblem or device designating or distinguishing the political party whose nominations have been assigned to that column. Such emblem or device of the republican party shall be the representation of an eagle, and such emblem or device of the democratic party shall be the representation of a star. The emblem or device designating or distinguishing any other political party whose nominations may now, or from time to time, be entitled to be placed upon the ballot shall be selected by the secretary of state and be printed upon the ballot above the column assigned to the nominations of such party: *Provided, however,* that the emblem or device shall be entirely different for each political party, and may be any appropriate symbol; but neither the coat of arms or seal of any state or of the United States, the national flag, any religious emblem or symbol, the seal of any society, the portrait of any person, or the representation of a coin or of the currency of the United States, shall be chosen as a distinguishing emblem. Whenever any emblem or device has been selected by the secretary of state, and used upon official ballots for any political party, it shall not thereafter be so used for any other political party.

In each column the names of the candidates, their residence together with the street and number if any, shall be placed immediately below the title of the office for which they are nominated, and at the right of the name of each candidate and on

the same line there shall be a square so printed as to give the voter an opportunity to designate by a cross (X) therein his choice of candidates; except that in case of candidates for electors of president and vice-president of the United States one square shall suffice for each group of such candidates. Above the last or right-hand column of each ballot there shall be no circle or device, but there shall be printed in such column in the regular order the title of each office to be voted for; as "For Governor," "For Senator," and the like, and beneath each title there shall be left as many blank lines as there are persons to be elected to such office.

On ballots provided for elections mentioned in section 1 of this chapter the various offices to be voted for shall be arranged in each column in the following order: First, electors of president and vice-president of the United States; second, representative in the congress of the United States; third, governor; fourth, lieutenant-governor; fifth, secretary of state; sixth, attorney-general; seventh, general treasurer; eighth, senator in the general assembly; ninth, representative or representatives in the general assembly. On ballots provided for elections mentioned in sections 2 and 3 of this chapter the offices to be voted for shall be arranged in each column by the city or town clerk.

Whenever a constitutional amendment or other question is submitted to the vote of the electors of the state such amendment or question shall, if candidates for office are to be voted for at the same time, be printed upon the ballot after or beneath the lists of candidates, and the same arrangement shall be followed on ballots used in elections for officers named in sections 2 and 3 of this chapter, whenever a question is submitted to the electors of a city or town at such elections. The ballots shall be so printed as to give to each voter an opportunity to designate by a cross-mark (X) in a square his answer to the question submitted.

All ballots provided by the secretary of state under the provisions of this chapter shall be printed on plain white paper of a quality approved by him, and there shall be no mark or impression to distinguish one ballot from another. The names of all candidates shall be printed thereon in uniform type.

SEC. 23. Before distribution the ballots shall be folded so that no printing shall appear except the endorsement, which shall be printed on the back and outside, OFFICIAL BALLOT FOR, followed by the designation of the polling-place for which the ballot is prepared, the date of the election, and a fac-simile of the signature of the secretary of state, city clerk or town clerk, respectively, who has caused the ballots to be so printed and folded.

Each of said supervisors of election shall be sworn to the faithful discharge of said duties, and shall receive such compensation for his services as may be from time to time fixed by the board of aldermen and town council, respectively. Any vacancy existing among said supervisors of election, whether by declination or refusal to serve or by failure from any cause to appear at, or to remain during, the time when they are required to perform their said duties, shall be immediately filled by the mayor of the city, or president of the town council, respectively, from the lists before mentioned, by the substitution of a person of the same political party as was the supervisor first appointed. But nothing in this section contained shall be so construed as to relieve the warden and ward clerks or moderators and clerks or district clerks from any of the duties or liabilities by law required or imposed upon them as such officers. (Chapter 343, Public Laws, provides that four supervisors shall be appointed for each ward in the city of Central Falls.)

To be sworn.

SEC. 36. The city and town councils in each city and town shall cause each voting-place therein to be suitably provided with a sufficient number of voting-shelves or compartments, not less than one for each one hundred voters and in no case less than three, at or in which voters may conveniently mark their ballots, so that in the marking thereof they may be screened from the observation of others; and a guard-rail with only one place for entrance and another place for exit shall be so constructed and placed that only such persons as

are inside said rail can approach within ten feet of the ballot-boxes, and of such voting-shelves or compartments. The arrangements shall be such that neither the ballot-boxes nor the voting-shelves or compartments shall be hidden from view of those just outside the said guard-rail. No person other than the warden or moderator, as the case may be, clerks, supervisors and voters admitted as hereinafter provided, shall be permitted within said rail except by authority of the said warden or moderator for the purpose of keeping order and enforcing the law. Each voting-shelf or compartment shall be kept provided, by the city, town, ward and district clerks, with proper pencils for marking the ballots, which pencils shall be by the supervisors kept in condition for use; but all pencils furnished for said purpose in any election shall, in each voting-district, be such as will mark a uniform color, and in marking his ballot no voter shall use a pencil marking a different color.

#### MANNER OF VOTING.

Ballot is to be obtained from supervisor.

SEC. 37. Any person desiring to vote shall give his name and if requested so to do, his residence, to one of the supervisors, who shall thereupon announce the same in a loud and distinct tone of voice, clear and audible, and if such name is found upon the voting-list the supervisor in charge of the voting-list shall repeat the said name in the same manner, and the voter shall be allowed to enter the space enclosed by the guard-rail as above provided. The supervisor shall give him one, and only one, ballot of each kind that he is entitled to vote, and his name shall be immediately checked on the supervisor's list. Besides the election-officers, not more than four voters in excess of the number of voting-shelves or compartments provided shall be allowed in said enclosed space at one time. No supervisor shall put any mark upon any ballot, except as provided in section 40 of this chapter. No super-

visor, except as provided in section 40 of this chapter, and no other person, when within said enclosed space, shall witness, or attempt to witness, the marking by any voter of his ballot.

SEC. 38. (As amended by Chapter 1229, Public Laws.)  
 On receipt of his ballot from the proper election officer, the voter shall forthwith, and without leaving the enclosed space, retire alone to one of the voting-shelves or compartments so provided, and shall prepare his ballot as follows: If he desires to vote for all the candidates of one political party he shall place a cross (X) within the circle above the name or designation of that party. In case he desires to vote for a candidate whose name is not printed under the circle in which he has marked, he shall cancel the name of the candidate in such column for whom he refuses to vote by drawing a line through such name, and shall vote for the candidate of his choice by marking a cross (X) in the square opposite the name of the candidate of his choice, or by writing in the right-hand column prepared for that purpose, under the proper title of the office, the name of the person for whom he desires to vote. In such case the vote shall be counted for the candidate against whose name a cross has been so marked, or whose name has been so inserted in the right-hand column, and such ballot shall not be counted for the candidate for the same office whose name is cancelled. When a voter has placed a cross (X) in any one circle, and has not made any mark in any other circle, such cross (X) shall be counted as a vote for each of the candidates in the column above which it is placed, except for those candidates whose names have been cancelled.

Preparation of  
 ballot by voter,  
 and manner of  
 marking same.

A cross in the square opposite the names of candidates for electors of president and vice-president shall be counted as a vote for each. The voter may omit to mark in any circle, and may vote for the candidates of his choice by making a cross (X) in the square opposite their names, or he may insert the

names of persons for whom he desires to vote, in the blank or right-hand column, under the proper title of office, and such votes shall be counted. If a voter desires to vote upon a question submitted to the vote of the electors of the state or of any city or town, he shall mark in the appropriate square a cross (X) against the answer which he desires to give in addition to the cross made in any circle or square at the right of any candidate's name. Where a voter makes a cross (X) within the circle at the top of any column and also cancels a name in the column under such marked circle, but does not mark a cross (X) within the voting-square at the right of any name of a candidate for the same office in any other column, and fails to write in a name in the right-hand column in the space provided for a name to be written in for such office, said ballot shall be considered blank for such office.

Before leaving the voting-shelf or compartment, the voter shall fold his ballot, without displaying the marks thereon, in the same way it was folded when received by him, and he shall keep the same so folded until he has voted. He shall vote in the manner provided by law before leaving the enclosed space, and shall deposit in the ballot-box his ballot with the official endorsement so that it may be seen by the warden or moderator, and the clerk shall check his name on the voting-list. He shall mark and deposit his ballot without undue delay, and shall quit said enclosed space as soon as he has voted. Not more than one person shall be permitted to occupy any voting-shelf or compartment at the same time, and no person shall remain in, or occupy, a voting-shelf or compartment longer than may be necessary to prepare his ballot, and in no case longer than five minutes. No voter, not an election officer, whose name has been checked on the list of the supervisors shall be allowed to re-enter said enclosed space during said election. It shall be the duty of the warden or moderator to secure the observance of the provisions of this section.

SEC. 39. Every person who does not vote a ballot delivered to him by a supervisor of election shall, before leaving the enclosed space, return such ballot to the supervisor, and no person shall take or remove any ballot from the polling-place before the close of the polls. It shall be the duty of the warden or moderator, and of the supervisor or officer having charge of the exit, to prevent any voter from leaving the enclosed space until such voter has deposited his ballot or ballots, or has returned his unused ballot or ballots, as herein provided. If any voter inadvertently spoils a ballot, he may obtain another upon returning the spoiled one and satisfying the officer of the fact of the inadvertence. The ballots thus returned shall be immediately cancelled, and, together with those not distributed to the voters, shall be preserved and, with the voting-list used by the supervisors, which shall be certified by them to be such, shall be securely wrapped, sealed, and delivered to the several city and town clerks by the supervisors.

Ballots not voted to be returned to supervisor.

SEC. 40. Any voter who declares to the warden or moderator that he cannot read the ballot, or that by blindness or other physical disability he is unable to mark his ballot, shall, at the request of the warden or moderator, receive the assistance of two of the supervisors, one a democrat and the other a republican, in the marking thereof, and such supervisors shall thereafter give no information regarding the same. The warden or moderator may, in his discretion, require such declaration of disability to be made by the voter under oath before him, and he is hereby authorized and qualified to administer the same.

Voter unable to mark his ballot may be assisted.

SEC. 41. (As amended by Chapter 1229, Public Laws.) If for any reason it is impossible to determine the voter's choice for any office to be filled, his ballot shall not be counted for such office, but it shall be counted for all offices properly marked. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice, but no

Ballots are not to be counted, when.

voter shall place any mark upon his ballot by which it may be afterwards identified as the one voted by him. One line crossing another at any angle within the circle or any voting-square, or at the right of any name, shall be deemed a valid voting-mark. To cancel a name within the meaning of this chapter the voter shall draw a pencil mark through the full name. A cross (X) marked in a voting-square at the right of any name in a column above which the circle is marked shall be treated as surplusage, and the ballot shall not be deemed invalidated. No ballot without the official endorsement shall, except as herein otherwise provided, be allowed to be deposited in the ballot-box, and none but ballots provided in accordance with the provisions of this chapter shall be counted. Ballots not counted shall be marked "Defective" on the back thereof and shall be preserved and returned with the other ballots: *Provided*, that in case no ballots are provided at any voting-place in accordance with the foregoing provisions of this chapter, or in case no such ballots are at the polls and ready for the use of voters, the voters at such voting-place may use any ballot and provide themselves therewith.

Polls to be kept open how long in town elections in certain towns.

No other business to be transacted.

This section applies to town elections only.

SEC. 42. In all towns having less than five hundred electors, the polls shall be kept open for at least three hours; and in towns having more than five hundred electors, the polls shall be kept open for at least five hours; and no other business shall be transacted while the polls are open. This section applies only to elections mentioned in section 3 of this chapter.

#### PENALTIES.

Penalty for violations of this chapter with regard to preparation of the ballot.

SEC. 43. A voter who shall, except as herein otherwise provided, allow his ballot to be seen by any person with an apparent intention of letting it be known how he is about to vote, or who shall make any mark upon his ballot by which the same may be identified as the one voted by him, or who shall
